ACKNOWLEDGEMENT

WASH Alliance Bangladesh has made enormous progress in private entrepreneur’s development and contributed to achieve sanitation target. WASH Alliance Bangladesh has technical partnership with WSP World Bank in 2012 to promote sanitation market approach. In relation to this, WSP provided training to the BWA partners and entrepreneurs. BWA partners have providing technical support and capacity building support to the private entrepreneurs and made success.

WASH Alliance Bangladesh commenced sanitation entrepreneurs study to explore rural sanitary enterprises how they established, managed and operated to deliver sanitation and related services in the rural communities including their motivators and drivers.

WASH Alliance Bangladesh acknowledges the team and implementing partners who have contributed to successful completion of field survey. The most sincere gratitude goes to the staff of implementing partners from DORP, SLOPB, Hope for the Poorest (HP), UTTRAN, Practical Action and WaterAid who brought their collective experience to WASH Alliance and assisted in carrying out field data collection.

I would like to express my thanks to Mr. Mujibor Rahaman, In-country PME Officer of BWA who played pivotal role in conduction of this study and preparation of the report.

I acknowledge the support and guidance of Mrs. Angela van den Broek, PME Manager, WASH Alliance International for contributing extensively to reviews and managing diverse input including designing questionnaire and facilitate greater understanding.

I greatly appreciate the expert review of Mrs. Sara Ahrari, Senior Program Officer, Simavi and Country Lead for WAI for her constructive feedback to design the survey questionnaire and to finalize study report.

WASH Alliance Bangladesh deeply acknowledges the good support of all colleagues of Simavi and WAMU for their tremendous support and successful leading the WASH Alliance program. I also acknowledge the support of Roji Halder, Office Secretary, BWA for her secretarial support to conduct this study.

Finally, I must keep on records with gratitude that the financial support WASH Alliance program received from the Netherland Government and technical & advice receipt form Embassy of Netherlands, Dhaka were indeed, very crucial to accomplish the task of Wash Alliance program with success.
